Incentive Bond Presentation Available

The PowerPoint presentation given by Dennis Moore at the September JCIC meeting is now available on the web. To view it, log in at https://www.rdmc.org/cmhc/users/login_mon.asp and click on the "Incentive Bond Reports 1 PowerPoint Presentation" link at the top of the page.

Review of Human Resources Data Set

The Human Resources data set is currently being reviewed by the Department to find out which fields are used and how long the records need to be retained. Currently, Centers are only required to send in updated HR data when there are staff changes; RDMC retains HR records indefinitely.

Valid Client 2's

At the September meeting, JCIC accepted a definition of valid Client 2's (from field 6 – Client Status Code):

- Valid Client 2's = 1) clients with 7 or fewer days between the first and last service; OR
2) clients with fewer than 5 services; OR
3) clients with fewer than 10 services within 60 days; OR
4) clients who average less than 1 service per month.

This definition will be used in many reports' selection criteria.
